FROM THE EDITOR'S DESK

Dear Readers,

It is safe to say that the last few years has been anything but "normal".

After experiencing the whole of it. We realised how much we grew together, though being apart.

Writing this newsletter made us realize the importance and effort that is being put into making the NVS ECHO every month.

We thoroughly enjoyed working on this month's issue as it gave us a platform to experience the journalist within us. It also made us realize the happiness this school has to offer. We also learnt the importance of working in a team and picked up positive traits from each other.

Hope you enjoy going through this month's issue as much as we enjoyed bringing it to you.

Happy Reading :)

ARYTON SENNA- THE UNSUNG HERO

One of the all-time **brightest** stars of motorsport, Ayrton Senna blazed through life with the passion and speed of a true racing genius. **Born** into a Brazilian family of means, Senna got his first go-kart at age 4 — an early start by any standards — and at age 13, he won the first kart race he ever entered. Fast-forward just under a decade, and Senna secures victory at 5 British championships. From then on, the young driver floored it straight to the top of his game... until an infamous, fatal crash at Imola in 1994.

Senna, a cherished TAG Heuer ambassador from 1988 onward, is considered one of the greatest Brazilian heroes. Senna's stellar stats are widely repeated, and have become mantra-like to any driver shooting for the top: 65 Grand Prix pole positions, 41 Grand Prix wins and 3 World Championships.

Some say he drove like a man possessed, some say he was always on the edge. All agree that he was simply dazzling. A quarter century after his passing, we're looking back at some of the most memorable moments from his career.

For instance, he saved the great F1 driver Erik Comas in the 1992 Belgian Grand Prix. The driver had crashed fatally hitting the barriers at almost 200km/hr and was knocked unconscious while he had his foot on the accelerator. When Senna saw this, he immediately stopped his car, ran off to Comas to kill the switch and perhaps saving his life.

THE COLLESEUM OF TENNIS- IT HAS STOOD THROUGH TIME

'The Wimbledon grand slam' is one of the most coveted by tennis champions all over the world. Even the youngest tennis players wish for a chance to play at Wimbledon.

It has hosted most of the greatest tennis players to set foot on a tennis court, and is the oldest tennis tournament in the world. But the Centre of the championship, change and evolution has taken place is in the Centre court.

The Centre court has witnessed great tennis players like Boris Becker, Martina Navratilova, Steffi Graf, Roger Federer, Rafael Nadal and many more.

The year 2022 is a very special year for Wimbledon, marking 100 years of the infrastructure that has housed most of the greatest moments in tennis history.

It has a grass court stadium, with rectangular roof which allows to play in rain and a capacity of 15,000.

On 3rd July 2022 a special ceremony took place to mark the milestone of a century of play at the world-famous venue.

The event looked back on epic matches and classic moments, with past Wimbledon champions involved. It was celebrated with great zeal. The court which was referred to as a 'white elephant' when it opened is now one of the most famous venues in tennis, and had 100 glorious years.

76 YEARS OF INDEPENDENCE

Sare jahan se achha hindusita hamara, these words have been engraved in every Indian's heart. We are united before the nation there isn't any discrimination in the way you have to stand while singing jana gana mana right. Patriotism is not something to define, claim or proclaim, it's something that can't be explained in words. It's not something it's everything. Freedom fighters made **sacrifices** which one cannot even imagine of doing for their loved ones, leave alone the county. Where movies like URI and Raazi are legend .. Wait for it.. dialogues like "watan ke aage kuch bhi nahi... khud bhi nahi" still gives us chills . **The people of India are thankful to those who fought for the independence of their country.** They celebrate their independence every year on 15 August which is marked as Indian Independence Day. The day is truly special for every Indian.

From the Alumni..!

When I reminisce about my 3 years of Nath Valley School, I see the transferable set of competencies, that got built up over a period of time in me. I very well remember Mr. Dass once said, "Don't get frustrated by things you can't control". This was when I went to play shotput for inter-school competition but came with disappointment. That time he said, "Don't let the little things get in the way of the bigger picture". After this my total focus was on how to win at district level. This incident made me focused and determined about my future.

NVS has always given us opportunities to horn out skill through clubs and competition.

GET TO KNOW YOUR SCHOOL CAPTAIN..!

Q1 How has the one month of being school captain been so far?

It has been a ride of a roller coaster to be very honest. Never really worked this much in my whole life as I have worked in this one month. But it absolutely feels virtuous to have this honorable post, enjoying being the spy, catching the culprit.. getting to know my fellow students. Yes, it does feel like a lot of responsibility every time there's a council meeting or some new work but I have chosen this and I'm trying to do better in every way possible

Q2. How do you feel about the fact that you are an inspiration for students and especially for those who have an eye for it?

Well, that's an early yet unexpected achievement which is very pleasing to know. Honestly, I don't qualify for being an inspiration as yet because it's just the start and I haven't done justice to the role I've got. I would like to say, for being the school captain, you need to be disciplined, hardworking, make a plan for anything and everything you do and most importantly you need to learn to accept defeats. If you master these, you are on your way to achieve great success in life. Lastly I would say. Have an aim.. Work on it.. Execution is the key..!

Q3. How do you balance duties as school captain and your studies?

It is burdensome and delightful at the same time. I do miss my lessons at times. I manage my studies at home. I have a full fledged schedule of my own which includes 7hrs of sleep, about 5hrs of studying, completion of backlog, 30 to 45 mins for friends and family, etc.. There are certain duties to attain everyday but I never let that take over my studies. One should strike a balance..!

Promise

Promise is something
Filled with emotion
Don't tell it to anyone
It's a caution

I am glad to keep these
Feelings inside me stayed
I sometimes feel bad
when
I remember those days

It should be shared
With person having trust
Dude ! When it spreads
They say it was just

Share with yourself
Only to your soul
Let it be your near ones
But have self control

POTION OF SUCCESS..!

J.K Rowling, who doesn't know her..! Her books especially, her most famous book series 'Harry Potter' every kid has surely read it. But little do you know such an interesting story with magic, killing curses, and what not had got rejected about 12 times. Finally published in 1997, later it got printed in 21 languages making Rowling one of the richest authors. All because of her hard work and never say die spirit. She had a goal, believed in it, worked hard for it and here she is one of the most successful authors. So why shouldn't we all follow her? Try the potion of success, work hard and achieve wonders in life..!
